

PPC Lime, one of the world's largest lime producers, operates a processing plant and mining operation at Lime Acres, some 170km west of Kimberley. Lime Acres has a population of approximately 7000 people and offers a primary school, library, shopping centre, medical facility and excellent sport and recreation facilities. PPC Lime currently has a vacancy for:

BLASTER-MINING

MINIMUM QUALIFICATION:

- Matric Certificate
- Blasting or Rock Breaking Certificate
- Valid Drivers Licence

EXPERIENCE/KNOWLEDGE:

- Applicants must have five years open cast drilling and blasting experience.
- Electronic Blasting will be advantageous

RESPONSIBILITIES

PPC Lime values the health and safety of all its employees and is committed to provide a safe work environment. This energetic individual will perform drill and blast processes in line with the relevant legal framework and procedures as well as:

- Weekly drilling and blasting
- Organise drill and blast activities in line with the plan
- Ensure all administrative requirements are kept up to date and correct
- Plan, calculate and schedule charging requirements with the explosives supplier
- Management of blasting team and drilling contractor
- Planning and calculating cost effective blast designs

All applications will be considered in accordance with the PPC Lime Employment Equity plan and mobility within the PPC group is a requirement.

If you are energetic, willing to go the extra mile and able to work independently, this is an excellent opportunity to become part of one of South Africa's leading companies. PPC Lime offers a competitive remuneration package and excellent fringe benefits.
